*FREE FROM MILK means that this product does not contain milk, but you will need to add a type of milk, free of choice. Normal, skimmed, lactose reduced, or free, soy milk, oat milk, or other types of milk intended to replace traditional milk. We can not guarantee the same flavor as with normal milk. This product was made to be mixed with low fat skimmed milk.

We were challenged by one of the World's largest companies specializing in bakery products. They asked if we were able to make a Chantilly cream with no added sugar, with a taste as good as their own cream with sugar!

We took it two steps further and made it with 3 flavors:

NATURAL CREAM - MARSHMALLOW - CHOCOLATE

JustSweet inside means that this product have no artificial sweeteners, Polyols (Sugar Alcohols), or added Sugar. JustSweet® is a registered trademark, property of Just Sweet AS, Norway.

LOW CALORIE

Comparing with the «old way» to make Chantilly, with cream; only counting cream calories, this product have 68% less calories. If adding the calorie count from sugar, if used with 200 ml of skimmed milk, the calorie reduction is estimated to 90%.

FREE FROM FAT*

*Meaning; free from fat before you add the milk of your choice. If you use skimmed milk with 1% fat, the reduction will be 99,8%, compared to the «old way» to make a Chantilly cream.

CLAUDIA MÜNCH
vegan
only when you want it!

This Chantilly base may be mixed with most types of milk. Milk from cows, from soy, from oat, you can use almost any type of milk.

!«ARTISTIC FOODS» ARE INNOVATIVE AND FLEXIBLE!
