FROM AWARD WINNING BOTTLES TO SACHETS

The Environmentally Smarter Choice

At first, we did like everyone else. We distributed and sold our functional beverages in plastic bottles and like all others, we sold our drinks in aluminum cans. We realized it's not the most environmentally friendly ways to do this, and it may not be what you the consumer want.

THE SMARTER CHOICE

A smarter solution for modern people! Say no to plastic bottles!

DO NATURE AND YOURSELF A FAVOR. IF YOU BUY BEVERAGES IN BOTTLES, 10 LITERS WILL WEIGH MORE THAN 10 KG. OUR INSTANT AMAZON SECRET WILL ONLY WEIGH 120 GRAMS AND IT HAS A MUCH LONGER SHELF LIFE.

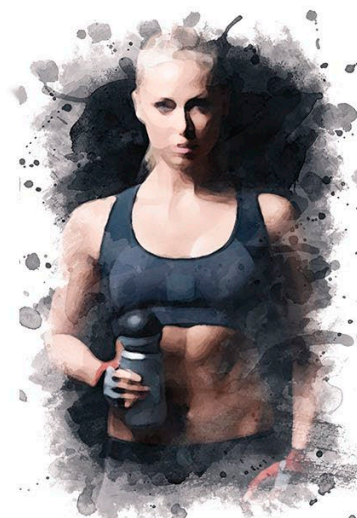

LIGHT WEIGHT & EASY TO PREPARE. A CONVENTIENT CONCEPT

Made with Superfruits from the Amazonian Rainforest

The Amazon Secret® is available in 5 flavors: Guaraná, Cupuaçu & Lime, Acerola & Orange, Pineapple & Passion fruit, and the famous Açaí berry! All sugar free sweetened with Claudia Münch® JustSweet™.

Sold 6 times more than the market-leading energy drink (Austrian) when launched in bottles, in Norwegian 7-Eleven stores.

The Amazon Secret is Norway's "largest audience" beverage brand on social media with more than 200 000 followers.

FREE FROM NON-GMO
AS NATURE DID IT

No genetically modified ingredients. A "free from" product.

FREE FROM GLUTEN
DIABETES & CELIACI SAFE

For those who are sensitive to gluten. A "free from" product.

LOW-CARB
SUITABLE FOR WEIGHT-LOSS

One glass, one kcal. A perfect drink when dieting.

IT'S FUNCTIONAL

A natural prebiotic sweetener makes it better for you!

REGULAR FRUIT JUICES ARE NOT CONSIDERED VERY HEALTHY, SINCE THEY DO NOT HAVE DIETARY FIBER AND VITAMINS USUALLY DISAPPEAR DURING PASTEURIZATION. THE AMAZON SECRET® IS MADE WITH PREBIOTIC DIETARY FIBER (JUSTSWEET®).

— A GREAT NEW EXPERIENCE

Sweet Dreams are made of this

Fruity'n Sweet is prebiotic with a low-calorie natural sweetener and taste as if it is with sugar, but it's not!

We **Created** the best Drinking Experience for you and **Your Family**

DOY-PAK AND SACHETS*

EXOTIC AND TRADITIONAL FLAVORS IS WHAT WE OFFER

Which one is your favorite?

In the Fruity'n Sweet beverage line we have many popular, but also "new", unknown flavors. What they all have in common is that they are free from added sugar, are with prebiotic dietary fiber and have only 1 kcal per 100 ml.

- ✓ Orange – Almost as you know it, but with no sugar and lots of healthy dietary fiber.
- ✓ Lime - If you buy Limes in the supermarket, to make a juice, you will see that this is cost efficient and less work.
- ✓ Yerba Mate – also called; Chá Mate. A toasted version flavored with Lime, Peach or Apple!
- ✓ Apple – The problem with regular apple juice, is that it tastes great, and is full of sugar.
- ✓ Sea Buckthorn – Exotic on the American continent but grows wild in North Europe and Asia.
- ✓ Black Tea with Ginger & Mango – Sweet and interesting...
- ✓ Mango – A popular juice, but in many countries, maybe expensive.
- ✓ Abacaxi – A sweet Pineapple from Brazil
- ✓ Pitanga –Some say it may clear accumulation of excess fat in the body and flatten the tummy.
- ✓ Jaboticaba – Contains many ingredients that are considered beneficial for the body.

It tastes like **Sugar**, but it's not! With a Natural Prebiotic **Sweetener**
